# Welcome!

## Green Bridge Engineering!

In the mid 2011' Mr.Ajikumar & Mr.Anilkumar both employed by other engineering entities, began to have separate desires to start an engineering company that provided professional services with honesty & integrity. They communicated the ideas to one another and shortly thereafter in August of 2011, Green Bridge Engineering was incorporated.

Both of the principals made an early commitment to start the company without debt, and to operate & grow the company on a debt – free basis. In order to accomplish this goal we all worked nights and weekends. The company continued to grow, gain additional clients.

The company continued growth by gaining additional clients & operated without debt, which has given the business tremendous flexibility to operate efficiently in all economic climates.

## What The Company Does?

Our core area of operation is steel fabrication & machining. We are the leading manufacturer of engineered shims & All types of Strainers,Orifice Plate, PTFE lined Slide bearings in the Middleast.

## Vision Statement

Provide the highest quality products and services that consistently meet customer's expectation while continuously improving our manufacturing facilities and process.

## Mission Statement

It is our mission to provide our customer products or services with an emphasis on quality, integrity, cost, responsiveness, and timeliness. Our professionals will be in the forefront of new technologies, client – dedicated, and uphold the highest professional standards in engineering and services. It is our intent to become established leaders in the professional services we provide.

# Core Values!

## Entrepreneurship

*We work with entrepreneurial spirit, stay determined, embrace change and challenge the status quo.*

## Integrity

*We believe that integrity is the bedrock of our organization and we demonstrate a commitment to business ethics.*

## Result-Oriented

*We are focused in delivering the best for our customer s has brought us some success in our maritime business.*

## Flexibility

*We believe in being flexible and adaptable in order to 'get the job done' without undue hindrance*

## Relationship-Centric

*We hold relationships close to our hearts; we seek to build trust of our customer & partners by demonstrating our interest in building a sustainable Business Relationship*

## Collective Vision

*We believe that team work & group spirit goes hand in hand. Our collective vision enables us to set the bar high, knowing that we can deliver & meet challenges ahead.*

# Business Goals & Objectives

To achieve our goals, our corporate strategy guides how we work with our customers and employees, how we serve our markets, how we grow our company, and how we achieve our financial goals.

Our strategy comprises seven key objectives that ensure we remain customer-connected in everything we do:

- Present One Face to Customers and Partners
- Target acquisition for Success
- Keep Customers for Life
- Attract New Customers
- Become a Great Employer in Our Markets
- Consistently Achieve Financial Result

# Business Strategy

## Business Concept

We consider it our honor to have earned the deep trust of all our customers as a manufacturer of precision shims, different types of Strainers, PTFE lined slide bearings, LDPE end caps. We deeply appreciate the continued patronage of all our customers. We will strive to develop our company with a strong presence in international market.

GBE's insatiable quest for technology supports the advanced technology in the Sheet metal fabrication field. We pride ourselves on being a company that can provide indispensable technology.

All of us here at GBE will do our best to sustain the highest quality, and productivity, and will continue as engineers with high values.

In these endeavors, we would greatly appreciate your continued support to GBE

# Products

## **SHEET METAL FABRICATION**

1. Precision Engineered Shims
2. All Types of Strainers in different material
3. PTFE lined slide bearings
4. Orifice Plates
5. Spectacle Blinds & Custom made flanges

## **STRUCTURAL STEEL FABRICATION**

1. Storage Tanks in SS & MS
2. Hand rails in SS & MS
3. Bollards
4. Gratings

## Services

- Hot Dip Galvanizing Services
- Shot Blasting Services
- Painting & Powder Coating Services
- Laser Jet & Water Jet cutting Services
- Machine Shop Services
- Steel fabrication - Sheet Metal & Structural
- PTFE Bonding on SS & MS materials
- Precision Engineered Shims
- All types of Strainers in different sizes in any metal

## Business Competitiveness

-> Price   -> Quality   -> Timely Delivery

## Quality Policy

We will consistently fulfill the needs of our customer, our employees, our stakeholders & our community by:

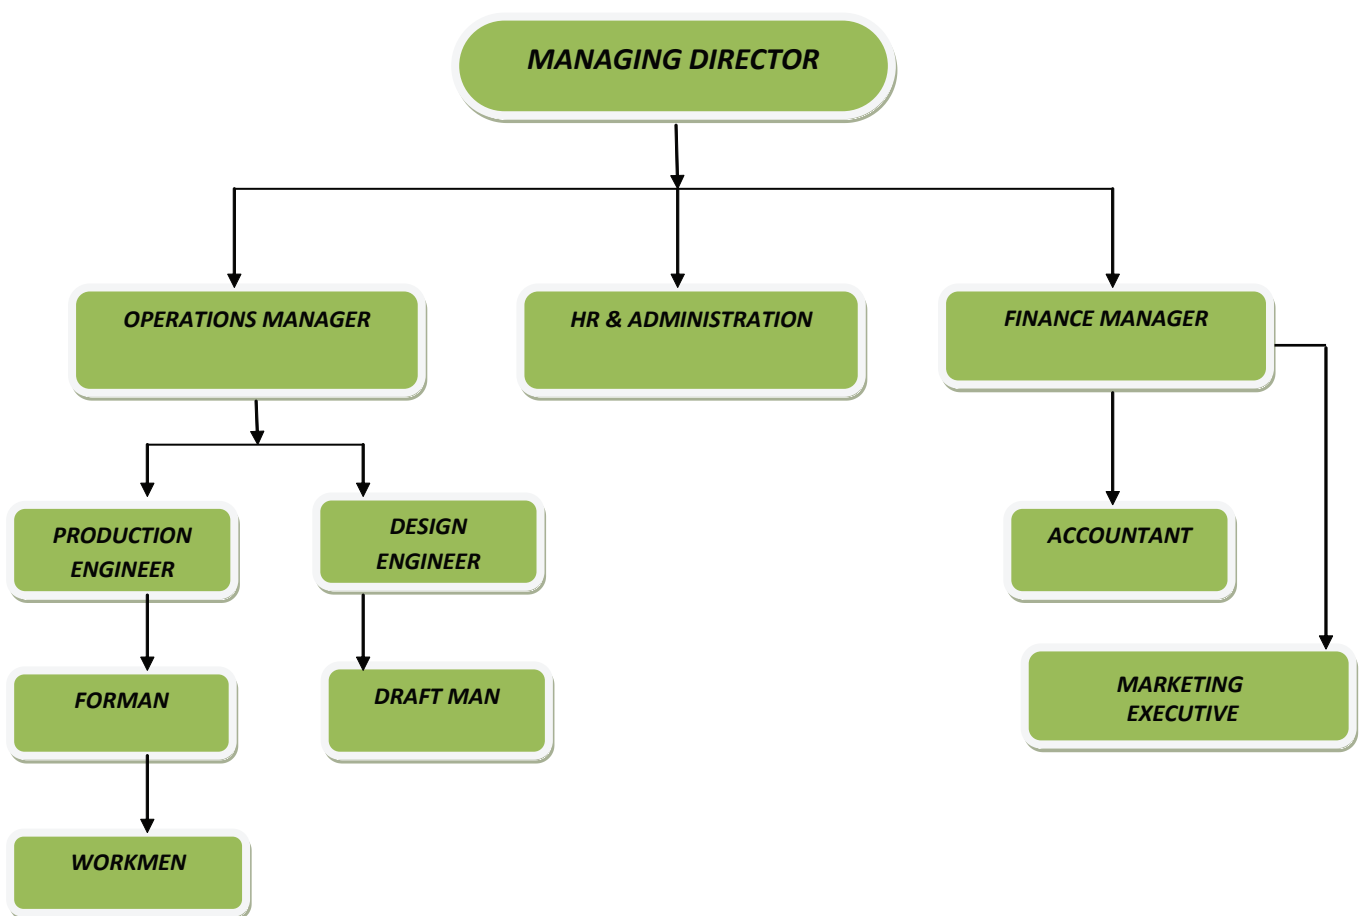

Our commitment to consistently deliver superior products/services to our customer through rigorous design & development process.

Our commitment to establish & maintain an effective quality system that allows us to deliver product/services at the highest level of customer satisfaction

## Service Pledge

“GBE employee will always respect our customer’s viewpoints in striving to deliver product quality & customer service that exceed their expectations.”

# Management Structure

## KEY PERSONNEL

**Mr. O.S. Prakash**

(MANAGING DIRECTOR)

**Varun Mohan**

Mob: +971526895576  
(OPERATIONS MANAGER)

**Sajith.**

Mob: +971 56 3838534  
(HR & ADMINISTRATION)

**LIJI.P**

Mob:+971 503283073  
(FINANCE MANAGER)

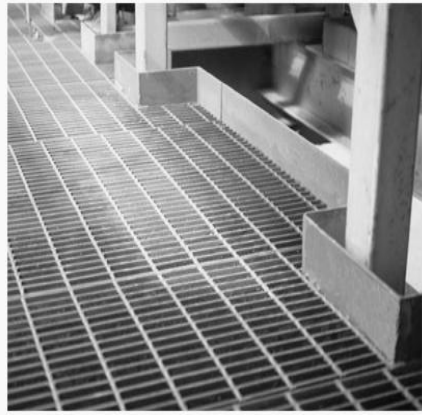

**Mr. Latheesh.K**

Mob:+971563842957  
(SALES ENGINEER)

## Projects Executed

- Manufactured & supplied precision ground engineering shims in Stainless steel & Brass for the Ras Laffan Project - Qatar (JGC-CORP)
- Supply of HDPE UV treated chains for the Laffan Project - Qatar
- Supply of different types of Flanges, Valves & pipe fittings for the Takreer RRE-2 Project - (GSENC)
- Supply of different types of woven Stainless steel wire mesh to the Takreer RRE-7 Project - (GSENC)
- Material Supply & fabrication of Rain water outlet for ADNOC project - (ALFARA)
- Supply of different types of Flanges, Valves & pipe fittings for the Ras Laffan Project - Qatar (JGC-CORP)
- Material supply & machining of various components for Sparrows offshore
- Supply of Tyco Grip type U bolts & other special bolt for the Ras Laffan Project - Qatar
- Supply of various type of steel fabricated items for Ras Laffan Projects of & Takreer IRP-2 Project (GSENC)
- Manufactured & supplied precision ground engineering shims in Stainless steel & Brass for ADCO NEB-3 Project (GSENC)
- Manufactured & supplied pipe supports , PTFE Slide Bearing & Fabricated items for CBDC Project (Samsung Engg)
- Supply of various type of steel fabricated items , Special Fastners for Al Ain Zoo Project (Wade Adams / Hilalco)
